

**Super-absorbent,  
deodorising powder**

- ▶ **SUPER-ABSORBENT**
- ▶ **REDUCES AMMONIA AND OTHER NOXIOUS GASES**
- ▶ **ABSORBS VIRTUALLY ITS OWN WEIGHT**
- ▶ **EXTENDS BEDDING LIFE**
- ▶ **ENVIRONMENTALLY FRIENDLY**
- ▶ **NON-HAZARDOUS**

One of the most absorbent powders on the market. Kind to livestock - kills bacteria.

### GENERAL PROPERTIES

Ideal for use in all livestock housing and is suitable for use with animals and birds of all ages. BioDri has a unique odour control formulation which eliminates strong ammonia smells. BioDri is also excellent at absorbing water, which helps control bacteria and viral challenges. By drying out the litter, BioDri reduces the spread of Necrotic Enteritis and salmonella, amongst many other infections and generally reduces cross infections.

### INSTRUCTIONS FOR USE

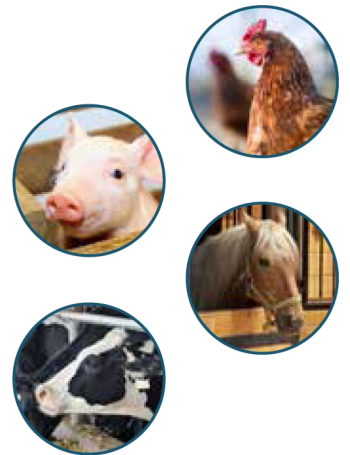

Apply 25 gm/m<sup>2</sup> to animal bedding and can be spread under drinker lines and troughs.

### SUITABLE FOR:

All livestock

### PACK SIZE

25 kg.
