

BioFoam E

High Foaming Pre-Wash Cleaner

- ▶ HEAVY DUTY PRE-WASH IN AN ECONOMICAL, FOAMING FORMULA
- ▶ REDUCES WASH WATER REQUIREMENT
- ▶ EFFECTIVELY REMOVES STUBBORN SOILING
- ▶ NEW IMPROVED LONGER LASTING FOAM

BioFoam E is a blend of high-foaming surfactants, foam stabilisers and alkaline builders.

GENERAL PROPERTIES

BioFoam E is a high-foaming pre-wash detergent. Its high foaming properties facilitate a thorough cleaning, even with heavy soiling. Used as a pre-wash foam, the heavy duty formulation is designed to tackle the most stubborn levels of soiling in all livestock housing, equipment, vehicles and holding areas.

INSTRUCTIONS FOR USE

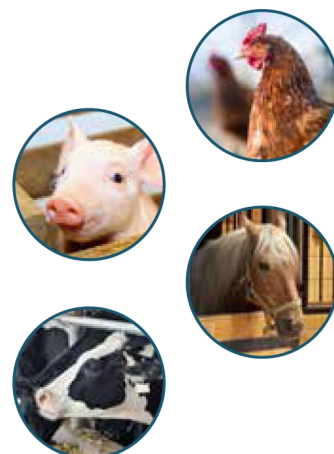

Cleaning a house size of 10,000 ft² / 1000 m², dilute 3-6 litres depending on level of soiling in 600 litres of clean water. Apply via a pressure washer fitted with a foaming lance.

SUITABLE FOR:

Poultry, pigs, game birds, cattle and horses.

PACK SIZE

5 litre, 25 litre, 200 litre & 1000 litre.
